Seniors Club – Jyeshtha Nagarik Sangh

Matrudevo bhavaha Pitru devo bhavaha!

ईरुट छे मरुठी मंडळ
ज्येष्ठ नरुगरिक
संघ

This is a group to introduce our seniors visiting and staying with us in US. Many times they find it boring for lack of group of their age.

They have to essentially depend on all of us to take them wherever we go. The objective of this group is to achieve some or all of the below:

- Try to group their coming to US & going back to India, so that they can have good company in those tiring 20-25 hours of flights.
- Try to see when any of us who travel to and from India, can accompany any seniors. This can make life of our seniors really easy during flight changes, missed flights situations, luggage missing and many other travel hazards.
- Sharing information pertaining to their stay in US e.g. experience at US consulate, experience with customs at port of entry, visa problems, insurance etc...
- They can have their independent group and so they can do few activities like one day trip by bus to nearby tourist attraction, sight seeing, picnic etc...together without having to depend on us.
- They can also participate in hobby groups like evening park group, playing cards group, carom group etc...
- They can also support us in our cultural activities. Some of them may be good poets, writers, artists etc...we should introduce & felicitate them.
- Those who are keen to learn computers, we can help them learn basic stuff.
- Celebrate their birth days, anniversaries etc...
- Make them Happy!

So Mandali join this group if any of your seniors are visiting you or staying with you. Let's make their stay comfortable.
